Why Small Groups?

Small Groups are meant to bring people together. We believe God created us to live in relationship with others and only then can we live the full life He intends for us. Sharing life through community is part of our design, but meaningful relationships aren't always easy to find. That's why Small Groups exist to make these life-changing relationships accessible to you.

Our hope is that Northridge Church would be a community of friends and families engaged in gospel-centered relationships resembling the early church. Small Groups are the best opportunity we have for that. We want each and every person that engages in a Small Group to feel like they belong.
